6 Glass Heights

All DaVinci models feature a choice of six different glass heights, which range from a sleek 305mm tall up to a massive 1473mm tall.

Safe Touch Glass™

Your safety is our number one concern. Innovative engineering keeps our double-pane, crystal clear glass at extraordinarily low temperatures, reducing any potential for injury.

This standard safety feature on every DaVinci Custom Fireplace makes them ideal for decorative home applications and high traffic commercial installations.

Zero Clearance To Combustible Surfaces

The fireplace's exterior remains cool to the touch from the outside air that is ducted to the fireplace. This eliminates the use of expensive

Plasterboard

Bring the clean finish edge of sheetrock up to the glass or use our custom black painted metal trim along

Timber

Any wood finish of your choice can be installed right to the edge of the glass.

Tile or Stone

Use cement sheet backing or attach stone or tile directly to the fireplace. Stone or tile can go right to the edge

Standard Inclusions

Multi-Coloured Interior LED Under Lighting

Platinum Crushed Glass showing variations of coloured LED lights

Black Crushed Glass Option

Rock Ember Option

Overhead LED Lighting

DaVinci’s Platinum crushed glass floor is under-lit with vibrant coloured LED lights that take this fireplace to a whole new level when illuminated.

An endless array of vivid colors is at your fingertips, allowing you to set the mood and create the perfect ambiance for any occasion. The burst of colour adds a mesmerizing glow around the flames and reflects off the crushed glass floor to create a dramatic presentation of fire unlike anything you’ve ever seen. Looking for a more subtle organic look? DaVinci Custom Fireplaces offers Black Crushed Glass or Rock Ember options.
